

Park School Recommended Pen List

Fountain pens: *Must have a medium nib with washable blue ink cartridges.*

The following pens are a good 'starter pen' and are reasonably priced:

Parker

IM (black plastic)

Vector

Jotter

(but some have a more slippery metal grip)

Faber-Castell

Grip 2010

Scribolino (available as right or left handed models) has a shaped grip

Pelikan

Pelikano (medium nib)

Graffix Learnwriter

(both available as right or left handed models) has a shaped grip

Other makes are suitable, e.g. Lamy, Shaeffer but these are more expensive to replace if lost.

Cheaper/own makes can often produce scratchy results or easily broken nibs.

Alternative acceptable pens:

Pilot FriXion – erasable pen.
Blue ink

Stabilo EASY pens (available as left or right handed). Good for those children who benefit from a shaped grip. Washable ink.

Please note: Berol Handwriting pens, other fibre tip pens and gel pens are difficult to erase/ hold with a correct grip to achieve a good result and are therefore not recommended.
