

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

Covid Co-ordinators: AP/CP

This Risk Assessment has been written to reduce the risk of transmission of COVID19. As all year groups are in School, and National precautions have been amended according to the government's plan, it is essential that we all remain alert to the potential dangers and that we all take appropriate action to minimise risk to our pupils and ourselves. Schools have to risk assess their particular circumstances and adapt their system of controls accordingly.

All pupils continue to attend and should only learn remotely if self-isolating or shielding if they are clinically extremely vulnerable and following their Healthcare Professional's /Government advice.

The majority of children and young people have no symptoms or very mild illness only. Tackling the virus and its transmission is taking place on several fronts:

- **Prevention-** Implementing the system of controls, creating a safer environment for pupils and staff where the risk of transmission of infection is substantially reduced. The way to control this virus is the same, even with the current new variants.
- **Testing-** Primary age school children will not be tested as part of a school wide programme. Primary school staff will be offered LFD testing through the school, but this is not mandatory. Households and childcare/support bubbles of school age children can request LFD testing through the NHS community asymptomatic testing programme. The school does not supply test kits for household testing. Further information is available from via the link at the end of this risk assessment.
- **Asymptomatic testing**
Testing remains important in reducing the risk of transmission of infection within schools. There is still twice weekly home testing for staff whenever they are on site until the end of September, when this will also be reviewed. Staff and pupils with a positive LFD test result should self-isolate in line with the [stay at home guidance for households with possible or confirmed coronavirus \(COVID-19\) infection](#). They will also need to [get a free PCR test to check if they have COVID-19](#). Whilst awaiting the PCR result, the individual should continue to self-isolate. If the PCR test is taken within 2 days of the positive lateral flow test, and is negative, it overrides the self-test LFD test and the pupil can return to school, as long as the individual doesn't have COVID-19 symptoms.
- **Isolation-** when a positive case is identified, the case will be told to isolate by Track and Trace direct. This is the law and not a choice. The isolation period must be observed and cannot be shortened even by negative LFD test results. Individuals are not required to self-isolate if they live in the same household as someone with COVID-19, or are a close contact of someone with COVID-19, and any of the following apply:

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

- they are fully vaccinated and at least 14 days have passed since the second vaccination
- they are below the age of 18 years and 6 months
- they have taken part in or are currently part of an approved COVID-19 vaccine trial
- they are not able to get vaccinated for medical reasons

Parents returning from abroad should have considered and allowed for any requirement to quarantine or isolate upon return.

- **Contact Tracing-** Settings only need to do contact tracing up to and including 18 July. Close contacts will now be identified via NHS Test and Trace and education settings will no longer be expected to undertake contact tracing.

As with positive cases in any other setting, NHS Test and Trace will work with the positive case and/or their parent to identify close contacts. Contacts from a school setting will only be traced by NHS Test and Trace where the positive case and/or their parent specifically identifies the individual as being a close contact. This is likely to be a small number of individuals who would be most at risk of contracting COVID-19 due to the nature of the close contact. The School or Nursery may be contacted in exceptional cases to help with identifying close contacts, as currently happens in managing other infectious diseases.

PREVENTION:

We have read all Government and HSE advice relating to educational settings. Schools are asked to maximise educational opportunities whilst still implementing a system of controls to reduce the risk of transmission as much as possible, tailored to the needs of their particular environment. These measures will include:

- Grouping children together in their year groups and sometimes in phase groups with appropriate distancing measures in place. Play areas/toilets and learning areas will be allocated to each year group
- Classrooms will be arranged with forward facing desks wherever possible
- staff will maintain distance from pupils and other staff outside their year group as much as possible- Specialist, non- 'bubble' staff will teach from the front and maintain 2m distancing.

PPE: Staff may wear face coverings at any time if they wish, but they **must** wear face coverings on first aid duty – if treating children out of their bubble, aprons and visors can also be worn if wished

Full PPE (aprons, gloves, face masks and visors) should be worn by anyone in close contact with somebody who becomes unwell.

All teaching areas have a supply of hand gel and cleaning products including virucidal wipes and cleaning solution which should be used to clean down the hard surfaces in the teaching area at least twice daily. Areas used for snacks/meals must be cleaned down more than this. Specialist staff/

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

Peripatetic staff will each be issued with a cleaning supplies kit/bucket and will clean any shared equipment.

Vulnerable children/ staff- We are aware that there are staff and children in our school community who are classed as 'vulnerable' or 'extremely clinically vulnerable' or who have members of their household who are classed as such.

Clinically extremely vulnerable adults/ children are advised by government and PHE that they can attend school unless their medical professional has said otherwise, however they should be particularly vigilant of the measures outlined in this risk assessment. We have considered their particular needs carefully when preparing this risk assessment and speak with them/ parents/ healthcare professionals as appropriate to make sure that any specific concerns are addressed to make them feel safer to be in school. Individual risk assessments will be carried out if required.

CONTROL MEASURES IN DETAIL

HAZARD	CONTROL	ACTION
Arrival and Departure of pupils	Staff	Staff manning gates will squeeze sanitiser into pupil's hands and then send them straight to their teaching zone. Do not touch pupils when providing sanitiser. – Some children who have a known medical reason will bring their own sanitiser and will use it under staff supervision when entering. Parents have been asked to observe social distancing while queuing and not congregate by the gates. No parents will be allowed through the gate. Parents may wish to wear a face covering when dropping off /collecting children as this is a public space.
Breakfast Club	Staff	Children attending Breakfast Club will go to the Dining room and will be allocated a year group table area, no more than 6 per table. Children will sanitise their hands before going to their classroom. All dining tables, benches and doors will be sanitised once Breakfast Club is finished. The toilets will be cleaned at the end of Breakfast Club.
Moving around the school grounds	Staff and pupils	Groups of children will be supervised moving around the school to ensure children, especially the younger ones do not go where they should not. No child should be sent to another year group's classrooms with the exception of a prefect assigned to specific class. If sent to the office for First Aid or because they are poorly, they must wait outside and office staff will come to them. Pupils MUST NOT be sent to the Office to run any errands or to give messages. Social distancing should still be observed as much as possible outside of the classroom.
Registration	Staff	Registers will be taken in the classroom first thing in the morning and in the afternoon as usual, and numbers and absentees are sent electronically to the School Office before 9.30am and again in the afternoon. Paper registers will NOT be sent to the School Office. The

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

		<p>School Office staff will complete their usual checks and report to DfE. On sport afternoons, the registers are taken by the sports staff who will phone the office with the numbers /names before leaving the site.</p>
Classroom organisation	Staff and Children	<p>As far as possible, teachers and teaching assistants should remain only with their own year group throughout the day. They should not mix with other children and should exercise social distancing from all other staff. Each day should begin with a sensitive reminder to the group of ways to keep safe in the current climate.</p> <p>Staff should ensure that the children in their group wash their hands several times a day as per the timetable – before snack, after break, before lunch, after lunch, whenever returning from an activity not in their classroom and at least once in the afternoon before they go home. Versan solution should be used to wipe down all hard surfaces in the classroom several times daily:</p> <ul style="list-style-type: none"> –tables/ desks before and after the pupils eat snack/lunch and at the end of the day. - door handles/touch-plates and light switches- at least twice a day. <p>KS 1&2: Desks are to remain spaced as far apart as possible and facing forward. Children should use the same work station throughout the day. Children will keep their own water bottle at their work station along with any other belongings.</p> <p>Promote 'Catch it, bin it, kill it!' approach to good respiratory hygiene. Younger children should be supervised using hand sanitiser to avoid possibility of ingestion.</p> <p>Tissues will be provided in classrooms.</p> <p>A window MUST be open at all times to keep fresh air circulating. Regular full airing of the room should happen during the day - breaktimes and at the end of the day. Doors may be open when someone is present in the room but should be closed when the room is empty.</p> <p>It is planned that CO2 monitors will be available in each room to monitor aerosols and efficiency of ventilation.</p> <p>Remedial action will be then be taken to try to improve any identified areas with poor ventilation.</p>
EYFS & Key stage 1 classes	Staff and Children	<p>Toys, resources and stationery should not be shared amongst year groups unless cleaned in between. Stationery will be provided to each group separately. Soft toys and furnishings will be kept to a minimum and washed regularly. Anything that cannot be washed will be put away.</p>
Snack time	Staff and Children	<p>The children will have staggered break times. Prior to going to the playground for snack ensure children wash their hands. Snacks will be delivered to classrooms with a bag for rubbish/waste. Staff will encourage their group to place waste into the bag provided. At the end of break ensure pupils wash their hands again and return group's container with left over fruit to the table by the kitchen, before returning to the classroom.</p>

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

Toilets	Staff and Children	Year groups are to use their allocated toilets only regardless of the time of day with the exception of Breakfast Club/ After School Care Club. Paper towels will be provided where possible to reduce the use of hand driers.
Playtimes	Staff and Children	During playtimes, each year group are to remain in their designated play zones as allocated. At the start of break, children will be reminded of social distancing. All equipment/ play areas are sprayed down between staggered playtimes by duty staff before the next group uses them. No more than 3 year groups are out to play at one time and each group is to remain within its own designated play zone. Wet play takes place in classrooms.
Mealtimes	Staff and Children	Children will be using the dining room/hall to eat their lunch. There will be a rota system to reduce the number of year groups in the dining area at any one time. Children with dietary requirements will have cards displayed on the servery and serving staff will request their lunch from the chef. Lunches for these children will be served by the chef and will be on covered plates to avoid cross contamination. Follow usual hygiene rules (children should wash/ sanitise their hands before lunch and eat nicely). Year groups/Nursery will be kept in separate areas of the dining space.
Water Fountains	Staff/Children	Water fountains are ONLY to be used to refill bottles – NOT to drink from. Signs are in place. Staff should ensure children take their bottles out to play with them and that they are clearly named. Staff should tell them not to drink directly from the fountains.
PE lessons	Staff	All PE equipment will be cleaned by SS, -or staff member using the equipment after use and children will wash their hands after activities before returning to the classroom. PE lessons in the Hall will be one group only at a time, with a timeslot between groups leaving and arriving to avoid crossover of groups. After each session the Hall and equipment will be sprayed and wiped clean before the next group arrive. PE staff will keep a 2m distance from the children and try to teach from the front of the Hall.
Games lessons	Staff	All PE equipment will be cleaned by SS, DP or staff member using the equipment after use and children will wash their hands after activities before returning to the classroom. Games lessons outside will be one year group only at a time, with a timeslot between groups leaving and arriving to avoid crossover of groups. After each session the outdoor area and equipment will be sprayed and wiped clean before the next group arrive. Sports fixtures will be risk assessed and additional Covid precautions for either school will be adhered to. See separate Risk Assessment for Coronavirus Keeping children safe at Sport -Off site at Dean Park
Art lessons	Staff	All art equipment and surfaces will be cleaned by EH/the staff member using the equipment after use and children will wash their hands after activities before returning to the classroom. Art lessons in the art room

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

		will be one group only at a time with a timeslot between groups leaving and arriving to avoid cross over of groups. After each session the art room, stair rails and equipment will be sprayed and wiped clean before the next group arrive. EH will keep a 2m distance from the children and try to teach from the front of the art room.
Music lessons	Staff	All music equipment and surfaces will be cleaned by SC or staff member using the equipment after use and children will wash their hands after activities. Music lessons will be in the music room with a timeslot between every group to allow time for movement between groups and to clean the resources. Singing/ playing of wind/ brass instruments should only happen where there can be an adequate distance between pupils and staff (Staff should stand at the side for singing activities not facing the children). Clear plastic screens are available as an additional precaution. The children should not sing/ play face to face and should not raise their voices singing or speaking. Choir, orchestra and jazz band will resume but children from different year groups should be spaced apart. The room should be well ventilated. See separate Risk Assessment for Peripatetic Music and Class Music Lessons.
Drama	Staff	Careful consideration should be made to ensure safe distances are maintained. Children should not raise their voices but talk at a normal volume Hands on/ face to face activities should be avoided where the children are from different year groups.
Other staff/ cover teachers	Staff	Use of specialist teachers is kept to a minimum. Currently, cover for absent teachers is provided, if at all possible, by other members of the school staff who are aware of and follow these control measures. Wherever possible, staff members will use their own school laptop. All equipment and surfaces used will be cleaned by the staff member using the equipment after use and time will be allocated for this. The staff member will keep a 2m distance from the children and try to teach from the front of the room. Cleaning /Admin staff will observe social distancing, not entering a classroom with group present, waiting in classroom doorway to communicate as necessary.
Library	Staff/children	The library cannot be used by groups as we cannot spray the area between each group therefore a selection of books will be in each classroom for the group to exchange. When books are brought back to the classroom, another child can take it home as they are in the same bubble but collections of books will be quarantined before returning to the library. Gloves will be worn to transfer the books back to the library. Only Staff will move books to and from the Library – no pupils are to visit the Library. These precautions also need to be applied to books borrowed and returned to shelves outside of 1GL. Details of digital reading resources have been provided to support early readers. (Reading Eggs)

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

Staff room	Staff	<p>All staff can now use the staff room.</p> <ul style="list-style-type: none"> • For good ventilation there should be at least 2 windows open on different sides of the room • Surfaces need to be sprayed down at the end of each phase's break period • Staff will use their own cups • Staff will distance as much as possible especially if mixing year groups • All personal/class belongings should be taken back to own rooms not left in the staff room when staff leave
Belongings/ Homework/ reading books	Children	<p>Only essential personal items should come in and go home from school, e.g. outdoor wear, bags, trainers & PE items, water bottles, packed lunches, medication.</p> <p>Homework will be assigned on teams to children. Any sheets sent home will not be expected back. Work can be submitted on line or scanned in and sent back to teachers using the year group email. Homework will be marked remotely through Teams.</p> <p>Reading books will be quarantined upon return.</p> <p>Birthday treats must be individual and pre-packaged and will not be consumed on site but be given out at the end of the day in line with guidelines in parent's handbook.</p>
Door Handles/push plates	All staff / Children	<p>Use elbows/sleeves where possible.</p> <p>Door handles and push plates in corridors/ shared areas will be sterilised twice daily by SM/ cleaning staff</p>
Bannisters	Site Manager	<p>These should only be used if necessary and will be anti-bac cleaned twice daily by SM/ cleaning staff</p>
Toilets – Flush, taps, door handles, door locks	Site Manager	<p>No sharing of toilets between different year groups. Everyone should make sure hands are thoroughly washed for 20s after each use. Door locks/handles etc. will be regularly cleaned with anti-bacterial cleaner throughout the day by the site team.</p>
Waste		<p>Personal waste from individuals with symptoms of COVID-19 and waste from cleaning of areas where they have been (including PPE, disposable cloths and used tissues):</p> <ol style="list-style-type: none"> 1. Should be put in a plastic rubbish bag and tied when full 2. The plastic bag should then be placed in a second bin bag and tied 3. This should be put in a suitable and secure place and marked for storage until the individual's test results are known <p>This waste should be stored safely and kept away from children.</p> <p>If the individual tests negative, this can be disposed of immediately with the normal waste.</p> <p>If COVID-19 is confirmed this waste should be stored for at least 72 hours before disposal with normal waste.</p>
ICT - Shared PC/Laptops	All staff	<p>The ICT suite may ONLY be used by each group at its allocated time. Times will be booked on the ICT timetable. The room and equipment</p>

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

		will be cleaned down after use. Everyone should wash and thoroughly dry their hands before using the ICT suite. Only staff belonging to the year group may use the computer suite during their year group's allocated time. Groups using the ICT suite must be mindful of the other groups using the building. Staff will avoid arriving/leaving at 'high traffic' times for the building. Groups must use their own toilet area, even if it is in a different building. Staff should clean down any area they use before and after they use it.
Photocopier rooms	All staff	Staff should ensure they use the Versan Spray and cloths provided to wipe down the photocopier surfaces before and after use.
Smartboard Pens	All staff	Children are not allowed to use smartboard pens
First Aid	All staff	At breaktime and lunchtime there is an allocated First Aider on duty. The first aider must wear a face covering. If the child requiring First Aid is not in their group they will keep a 1+m distance, wear gloves and a face covering. Due to the higher risk of transmission, the office staff will be issued with FFP2 masks for first aid and care of suspected cases. First aid in the playground and class areas will be administered by year group staff who should wear a face covering.
Remote learning	All teaching staff	If a child is at home learning due to isolation or because they are shielding, teachers will provide remote learning unless the child is too unwell to work at home. Teachers will provide feedback as appropriate. If a child is not engaging the teacher will try to contact the child/family and if unsuccessful, the teacher will inform the headteacher who will then contact the family. Further support will initially be provided by the class teacher, then, if necessary, a support package will be arranged via the SENDCo in discussion with the Headteacher.
Assemblies and meetings Communication	All staff	Assemblies will be recorded and watched in class. Staff should stand at the side for singing activities not facing the children. The children should not sing face to face. Teams will be used for meetings and communication between staff. Communication with parents will be via Teams/email or telephone.
Visits	Teaching staff	Outside visits can now take place. There must be a full and thorough risk assessment in place in relation to all educational visits which should include any public health advice, such as hygiene and ventilation requirements and any specific requirements from the venue relating to Covid precautions.
Absences	Parents Office staff	Parents are asked to provide details of why their child is absent including main symptoms of illness. Attendance is notified daily to DfE. If a child is shielding, tested or self-isolating at home, parents must still inform the school so we can support the child/family and keep the school's data accurate. Parents are also asked to notify school of anyone testing positive in their household, although the children do not have to self-isolate unless advised to do so by Track and Trace or are positive themselves.

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government’s roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

After School Care Club	ASCC staff	ASCC will take place in the dining room (indoors) or outside if weather permits. ASCC will use the hall toilets which will be cleaned at the beginning and end of ASCC. In the dining room, children will be allocated a table area for their year group- no more than 6 per table. Children will wash their hands before going home. All dining tables, benches and doors will be sanitised once ASCC Club is finished. Parents are notified to ring the ASCC phone number to pick up their child. Children are taken to no.47 gate by staff. No parents are allowed on site.
Visitors/Contractors	Site Manager Bursar	Visitors will be kept to a minimum and for agreed/essential reasons only. All visitors to the school will be required to sanitise their hands when they arrive and before they leave. No-one with symptoms of Coronavirus will be allowed on school premises. Visitor records are kept for track and trace purposes. Regular visitors may be asked to join the LFD testing programme and inform the school of their test results before attending.
Tours of the school	Headteacher/ MH/Senior Staff	All visitors touring the school must sanitise their hands when they arrive and before they leave. No-one with symptoms of Coronavirus will be allowed on school premises. All tours are accompanied by the headteacher or other senior member of staff. They will not enter the classrooms and will observe social distancing. Virtual tours available on the School website are recommended.

1. RESPONSE TO ANY INFECTION:

Procedure when a child is unwell with Covid 19 symptoms

Parents have been advised that if any child shows any of the recognised symptoms of Covid 19 (new and persistent cough, high temperature, loss of or change in, their normal sense of taste and smell), they should not attend school. The child should self-isolate for 10 days and parents should arrange for them to have a test. Members of the household may no longer need to self-isolate – see section above. If a member of the household tests positive or has symptoms of Coronavirus as above, they should self-isolate for 10 days from the onset of symptoms or as notified by Track and Trace, but the child, provided they do not have any symptoms, should still attend school, if arrangements can be made to can get them to school.

Procedure when a child is unwell in school with Covid 19 symptoms If a child in the group displays symptoms of Covid-19 – a persistent cough, temperature or sudden loss of taste and smell, send them to the School office immediately with the COVID alert card. Move the group immediately to an

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

outside space AWAY from any other people. Do not mix with other groups or staff. Office staff on receiving the COVID alert card will:

- Isolate and support the child in the sick bay following the agreed procedure - Office staff must wear disposable aprons, gloves and masks.
- Call parents immediately to collect the child and provide parents with information regarding testing.
- call for help to deep clean/sanitise the teaching zone and provide support for the member of staff.
- Ask parents to contact the school immediately with any updates regarding testing, or the child's condition.
- Arrange for the office and sick bay to be deep cleaned There is no requirement for any other member of the group to go home, or to self-isolate unless they develop symptoms. However, parents will be notified if a positive result is confirmed and advised that a PCR test can be booked, if they wish.

Return to school

If someone begins to self-isolate because they have symptoms similar to coronavirus (COVID-19) and they get a test which delivers a **negative result**, they feel well and no longer have symptoms similar to coronavirus (COVID-19), they can stop self-isolating. They could still have another virus, such as a cold or flu – in which case it is still best to avoid contact with other people until they are better. We do not need to request evidence of negative test results or other medical evidence before admitting children or welcoming them back after a period of self-isolation.

Managing confirmed cases of coronavirus (COVID-19) amongst the school community (See also the sections above on testing)

The Health Protection Team /local council dedicated health team will be contacted by CP, MD or AP if anyone tests **positive** for Covid 19.

A letter will be sent to parents and staff informing them that someone in their group has tested positive and they may wish to book a **PCR** test. No names of affected people will be shared unless we are told to do so.

Further support and information regarding testing will then be given to all members of that contact group.

Additional action will be implemented as advised by the Health Protection Team if an outbreak is declared and additional precautions may be put back in place. The school will also implement its

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

contingency plans accordingly. These measures will be implemented as a last resort and for the shortest time possible.

Remote learning will be reinstated for pupils at home self-isolating. It is recommended that parents of younger children should supervise their use of the internet.

If someone self-isolating tests **positive**, they should inform the school, follow the guidance for households with possible or confirmed coronavirus (COVID-19) infection and must continue to self-isolate for at least 10 days from the onset of their symptoms and then return to school only if they do not have symptoms other than cough or loss of sense of smell/taste (anosmia). This is because a cough or anosmia can last for several weeks once the infection has gone. The 10-day period starts from the day when they first became ill. If they still have a high temperature, they should keep self-isolating until their temperature returns to normal. Other members of their household only need to self-isolate if advised to do so by Track and Trace.

If anyone who has been in close contact feels unwell, they should arrange a **PCR** test.

Parents are asked to notify the nursery/school of all test results as soon as possible in term time or holidays so the emergency protocols can still be implemented and parents informed as soon as possible. This reduces the risks to others in our school community.

School policy is that if a child is required to self-isolate we will provide remote learning via Teams, but if they are unwell we will not provide work until they are fit enough.

2. Further Local outbreaks or Government restrictions

Where a pupil is unable to attend school because they are complying with clinical or public health advice, the school will be able to immediately offer them access to remote education- see above.

3. Wellbeing

Reassurance and wellbeing are part of our normal daily range of activities and staff will be mindful of the need for extra support as we return to school. Parents are encouraged to communicate with class teachers by email and can request telephone meetings with staff to update them or discuss concerns about home matters that may affect their child's wellbeing.

Wellbeing activities are built into the curriculum as part of PSHEE.

Any additional educational support that is identified, possibly due to restrictions on schooling during lockdown, can be referred to the SENDCo using the usual referral process. This will then be discussed with the headteacher and class teacher and any action required decided in consultation with parents.

Coronavirus Keeping Children Safe at School

Sept 2021 following the stage 4 of the Government's roadmap

This Risk Assessment will initially apply for the first 4 weeks of term and will be under review according to Covid rates in the local area and any further Local or Government Guidance.

Drop off/collection procedures

Daily timetable

8:30am – 8:50am All pupils to be dropped off at their designated gate as follows

Reception children enter via gate at no 49
Year 1 children enter via gate at no 49
Year 2 children enter via gate at no 47
Years 3 children enter via gate at no 47
Year 4 children enter via School office gate
Years 5 children enter via School office gate
Year 6 children enter via gate at no 45

All pupils should make their way straight to their classroom unless told otherwise.

Those children attending Breakfast Club should enter the school site via the School Office from 8am.

Collection times and locations

3:10pm – 3:25pm	Reception children exit via gate at no 49
3:35pm – 3:40pm	Year 1 children exit via gate at no 49
3:35pm – 3:40pm	Year 2 children exit via gate at no 47
3:40pm – 3:45pm	Year 3 children via gate at no 47
3:35pm – 3:40pm	Year 4 children exit via School Office gate
3:40pm – 3:45pm	Year 5 children exit via School Office gate
3:40pm – 3:45pm	Year 6 children exit via no 45 gate
